Quick Facts

- Innovative universal housing that's serviceable from below the ceiling.
- 750 lm to 1500 lm with Static CCT, Warm Dim, and Tunable White options.
- Downlight and adjustable light modules with optic and lens options.
- 0-10V (1%), TRIAC/ELV (1%), and DALI-2 (0.1%) dimming.
- Round or Square trims available in 5 standard and custom finishes.
- Downlight, adjustable, wall wash, wet listed, or decorative applications.

Experience X Series

We debuted X Series at last week's *LEducation Conference* and now it's your turn to experience this revolutionary 2" lighting system. Contact your DMF Lighting Representative today to schedule a presentation.
