

LIGHTING + LUNCH WEBINAR SERIES

TUESDAY JUNE 23RD 2020

Please email rsvp@rclurie.com and let us know which session(s) you would like to attend. We will send you a calendar invite and information on how to order lunch on us through GrubHub!

NOON SESSIONS:

SESSION A

Interior Lighting product update with Eureka

We invite you to virtually attend the Eureka Lighting product showcase – A web-based presentation highlighting their top architectural and decorative luminaires of 2019 and 2020

SESSION B

Emergency Lighting 2020 with Sigtex

This presentation offers a comparison between the Sigtex MARS (Monitoring and Reporting System) Central Battery System to traditional emergency lighting and power solutions. Sigtex will also demonstrate how the system can use fewer batteries and less battery volume per square foot than other systems on the market today.

2 PM SESSIONS:

SESSION C

New product introduction with ARON Lighting

ARON Lighting's focus and passion is to enable new dimensions in lighting design by providing luminaires that provide excellent light quality and easy to install mounting options into tile and grid ceilings. ARON Lighting will walk through their line of products to show features and benefits, installation photos and upcoming product concepts.

SESSION D

Spectral Disinfection with Pinnacle Architectural Lighting (0.50 AIA LU)

Healthcare Associated Infections (HAIs) can cost healthcare facilities millions of dollars. Light as a disinfectant in medical facilities can reduce the number of HAIs which in turn, saves the facility money. Learn about two types of spectral disinfection lighting: Ultraviolet and Visible Light Disinfection. Presentation concludes with a review of Pinnacle lighting products and applications.
