## *Product Spotlight*

The voluminous Ribbon Cloud Pendants were inspired by LightArt's earliest forms and sculptures.

Offered in three easy to specify sizes with a sophisticated matte finish—perfect for hospitality, residential, and commercial spaces.

## Refined Fabrication

The unique construction process lets the material fold and weave to create a perfectly-imperfect textural shape that hovers effortlessly in any space.

Install a single pendant to add texture or cluster multiples to create a striking installation. *The possibilities are endless.*
